

Introducing

VersaMat

by NOVIPAX™

High Performance absorbent mats designed for Home, Healthcare, Food and Beyond

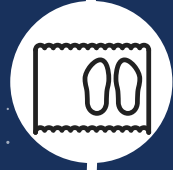

FEATURES

Rapid absorbency and reliable retention

Unparalleled durability

Non-Slip bottom grip

Impervious backing prevents liquid pass-through

Various size and absorbency options

VERSATILITY

Helps create a sanitary and safe back-of-house

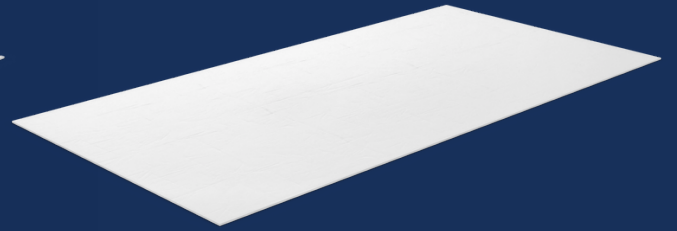

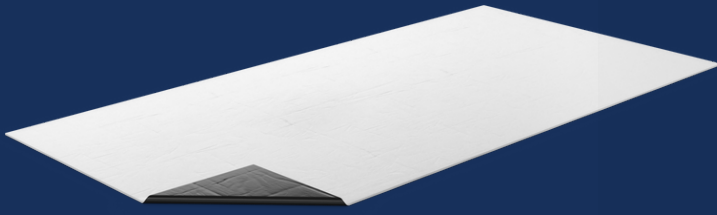

Garage and Automotive
Perfect for repair shops and home garage

Industrial
Absorbs oil, hydraulic fluid, greast and dirt

Home
Perfect for kitchens, mudrooms, basements, and bathrooms where moisture is a problem

VersaMat Prime and VersaMat Elite have been custom engineered for containing and absorbing unwanted liquids in diverse home, foodservice, healthcare, and industrial settings.

Each mat has a high-performance, open-edge absorbent fiber top and an impervious, slip-resistant film bottom to provide unparalleled absorbent performance for high liquid-volume.

- Two absorbencies and three different sizes provide flexibility for whatever your absorbency need
- Exceptional durability and non-slip surface designed for the abuse and rigors of active wet environments
- Product designed exclusively for floors
- All VersaMats are latex free
